Harpe

Designer: Fabrice Berrux

Harpe coffee tables are practical storage areas which elegantly furnish the living room on their own or in combinations. The collection of Harpe coffee tables is inspired by the strings of a harp from which they take their name: the base is visually light and encircles the top, available in various materials from marble to ceramic, as well as metal and glass. With their different heights and dimensions and different available tops, the Harpe coffee tables can adapt to every living room, both when placed alone and when combined.
