

BONALDO

Cop

Designer: Roberto Paoli

In everyday life, tables are normally covered with various objects but the surface of the Cop tabletop is like a stretch of water where the objects are upturned to form its unusual base. Stylised elements inspired by bottles, precious chalices and champagne glasses, in various shapes and sizes and immediately striking, even in their unusual position. The top is a neutral element yet, at the same time, it is the dividing line of the world that it reflects.

Flexible lines and careful formal research create a table intended to bring people and ideas together. The base of the Cop table is in painted metal, in a single colour or a combination of different hues, or in burnished, matt brass or matt copper finishes. The fixed top is offered in wood, or ceramic, or marble and can be round or with rounded edges.
