

**BONALDO**

# Bon Ton

The Bon Ton suspended lamp, designed by Studio Team Design, develops around its central axis, composed of three metal blades in polished steel or in the elegant copper-bronze finish. It is an object in which the glass globes that form the lampshades, available in transparent, amber or smoked glass, are

arranged in an irregular order, accentuating their dynamic nature. Bon Ton is available in the version with a single globe or in the three or six globe versions that give further movement to the figure of the lamp.
